Popular NWS Alaska links

The screenshot shows the NWS Juneau, AK website. At the top, there are logos for NOAA and the National Weather Service. Below the logos, there is a search bar for local forecasts by city, state, or ZIP code. A navigation menu is highlighted with a blue box, containing links for Current Hazards, Current Conditions, Radar, Forecasts, Rivers and Lakes, Climate and Past Weather, and Local Info. Below the menu is a map of Alaska with a cursor pointing to the Juneau area. At the bottom, there is a grid of links for various weather services: Weather Map, Satellite, Graphical, Radar, Climate, Hydro, Text, Weather Information, Marine, Weather Radio, and JAWS. Social media links for Twitter and Facebook are also present at the bottom.
